Comments and Actions

- All children were happy and excited to be elected! They introduced themselves and shared a fun fact about themselves.
- SH shared the information about W2S Month. LOTS of excitement - particularly about Tuesday Shoesday :)
- Liam asked what children who lived far away from school could do. The Council discussed this and suggested a 'park and stride' scheme to share with their classmates where they could park further away and walk or scoot to school.
- Other suggestions included: activities on the running track, an obstacle course on the yard, a chance to have bikes and scooters on the yard at playtime and the use of chalk and cones to make bike and scooter tracks. The Council also discussed a whole school 'Just Dance' video in the hall to get active!
- Councillors asked if we could raise money to buy new playground equipment and have taken this back to classes to collect ideas of what we could do in the final week.

Next meeting: Monday 11th October at 2pm
