

**Global Goalkeepers Meeting
7th March at 2.15pm**

Present

Representatives from Y1, Y2, Y3 and Y4

Agenda

- Leaves and litter update;
- Future projects;
- Craft Exhibition;
- AOB.

Comments and Actions

- The litter pickers have returned and are in school! Global Goalkeepers to continue their wonderful work with keeping school looking tidy;
- Now that Spring is here, we can once again turn our attention to the school allotment. All agreed it was important to grow as much produce as possible to use in the kitchen. This reduces food miles and has a positive impact on the environment!
- Mrs Orrick is in charge of organising the allotment. Global Goalkeepers to meet with Mrs orrick this week and agree a timetable for all classes to visit and begin work on this season's growing.
- It was raised that school could have more flowers around the grounds to help support pollinators and make our setting more beautiful. Mrs Hart explained Mrs Morphet's wonderful idea of using old wellies as planters and the Global Goalkeepers were all keen to get involved!
- Mrs Hart to prepare a ParentMail asking for donations of old wellies.
- At the next meeting, GGs to write a letter asking local garden centres for donations of bedding plants and compost.
- Mrs Hart introduced the upcoming craft exhibition at St. Andrew's and her idea that we could produce some 'craftivism' to draw attention to the issue of global warming. GGs to gather ideas of possible craft projects that meet this brief and bring ideas to the next meeting.

The next meeting of the Global Goalkeepers will be on Monday 14th March at 2.15pm
