

### Spring 1 Homework Grid – Year 1

This grid has been created to support our spring 1 topics.

Children could record some of their experiences in their homework books if they like, using words, pictures, diagrams or photographs. Alternatively, they may like to share their experiences verbally with the class – there will be some time allocated each week for them to do this.

Have fun!!

Subject link	English	History	PSHE	RE
<b>Verbal</b> <b>I enjoy reading, writing &amp; speaking</b>	Create a fictional story as if you were a famous explorer.	With your grown up, research some facts about British explorers. Can you find any that are local to where we live?	Look in your book collection at home and find a favourite story that celebrates friendship.	We are all unique and special! Celebrate why people in your family are special – why not make them some special person certificates.
<b>Visual</b> <b>I enjoy painting, drawing and visualising</b>	If you were an explorer, where would you like to explore and what would it look like? Use any available resources in your house to create your setting.	Visit the seaside and create some beach art using the natural resources you find there! Take a photo of your work and leave it on the beach for other people to enjoy!	Create a poster reminding people how to stay healthy. Think about the different things we have learned in school.	Jewish people worship in a place called a synagogue. Draw or paint a picture of what a synagogue might look like.
<b>Kinaesthetic</b> <b>I enjoy doing hands-on activities</b>	Can you create something that would help to light up a dark place?	Visit a monument or museum which will tell you information about an explorer of the seas and space.	Design, make and evaluate a healthy meal for your friends or family.	Find and make a traditional Jewish desert, such as: chocolate babka, challah or Rosh Hashanah honey cookies.
