

Clouds to Coast

Autumn 2 - Topic Based Homework

Using an atlas or the Internet, find the names of the world's longest 10 rivers .	Design a brochure persuading people to visit a seaside town or village.
Draw or paint a picture of a river scene. You could use water colours or try a different style of painting.	Write a story with a water theme, maybe a river monster that comes to life? Use your imagination.
Make a 3D landscape model of a river. Try and include features found on the river.	Create an informative poster teaching people how to be safe around rivers.
Make a comic strip of the water cycle with a water droplet as your main character.	Make a rain gauge. Keep a record of the amount of rainfall over 4 weeks. Produce a graph or table to show your findings.
Produce a fact file (this could be a PowerPoint) of one of the world rivers. Include as many interesting facts as you can.	Write a leaflet that helps people understand the importance of saving water.

Remember you will get house points for every piece of optional homework you do!
