

Dear Parent/Carer

February 2017

School Hearing Screening Tests

I will be visiting your child's school soon to carry out routine hearing tests. These tests are presented as games and the children are tested individually but with about 2 or 3 other children in the room. We expect 20-25% of children in this age group to have difficulty with their first hearing test for a variety of reasons. If this is the case, your child will be re-tested in about 8 weeks time.

Your child will bring a letter home to inform you of the results and any further action recommended. If you do not receive your child's results within the next 6 weeks please contact me on the number above.

NB: This is the only time children are offered routine hearing testing in school. I visit schools on two occasions only.

If you do not wish your child to be tested, please complete the slip below and return to school.

Yours sincerely

Mrs T Bellamy
Audio Screener

Only complete this section if you DO NOT want your child's hearing tested.

I do not wish my child to have a school hearing test.
