

Spring term 1

Week 4

This week we have:

- Found out facts about polar bears
- Learnt how to draw a polar bear
- Threw snowballs at numbers and then wrote the correct number sentences
- Made snow by adding water to a special powder
- Mixed colours by painting on ice
- Used magnetic letters to make words
- Practised writing d and e in handwriting
- Read short sentences and drew the corresponding pictures
- Played a game to help us read reception high frequency words (a copy of these is in the home learning books)
- In maths we have been weighing objects using balance scales. We used the words heavier, lighter and balance
- We explored the apps on the iPads
- In PE with Mr Thompson, we learnt how to throw a ball over head while sitting down.
- We were bird watching around the school grounds.

The children really enjoyed bird watching and have asked if they could do it again. So, we have decided to make bird feeders, bird houses and a bird hide.

Next week we will also be celebrating Chinese New Year.
