

Corbridge Church of England First School

Ofsted Inspection November 2015

Statement from the Chair of Governors

All the staff, led by our excellent Head Teacher, are to be congratulated on this report. There is much to celebrate, especially when one considers the difficulties and challenges the school has faced since the inspection of September 2013.

The adults who work at our school, and the governors, have shown resilience and dedication in raising the bar and realising this good result.

Our task now is to improve the school further to become outstanding. So I thank and commend all the stakeholders, including parents and pupils, who have supported in order to accomplish the significant achievement of becoming a good school.

David Watson
Chair of Governors
