

## Year 4 - 5 transition day

06 July 2020

As we prepare for transitioning to new year groups in September we are spending some time on some 'getting to know you' tasks. Unfortunately with the situation with Covid 19, we are unable to visit the middle school. However, The Middle School would love to hear about you to get to know you a little before you arrive in September.

The children in school will be doing these activities, but remaining in their current bubble with myself or Mrs Forsyth. I would also love for the children still at home to bring their letter with them on Friday to the Rock Night, or send it into school so I can pass these to the Middle School with everyone else's.

Please feel free to send me their work to [tim.carr@school360.co.uk](mailto:tim.carr@school360.co.uk) so that I can read all about them!

Activity	Explanation
<p>1 We learnt about how to layout and write letters earlier this year, so you will need to remember these skills in order to write to the Middle School.</p> <p>Don't put your home address on the letter, just put the First School address:</p> <p>Corbridge First School St Helens Lane Corbridge NE45 5JQ</p> <p>As we don't know who your teacher will be, you can address the letter 'To my new teacher'.</p>	<p>Please can you write a letter to the Middle School so that they can get to know you. You need to talk about:</p> <ul style="list-style-type: none"><li>- Who you are.</li><li>- What you enjoy doing outside of school.</li><li>- What your favourite subjects are.</li><li>- What you are going to do over the summer holidays.</li><li>- Things you would like to get better at or learn to do.</li></ul> <p>This letter is a great chance to get ready for year 5 so we can make sure you have a really fun year!</p>

You can make animals, shapes, toys, people and lots more things. <a href="https://www.origamiway.com/paper-airplanes.shtml">https://www.origamiway.com/paper-airplanes.shtml</a></p> <p>There's also loads of designs for paper aeroplanes. Why not try a few of these out and you could make a competition out of the planes to see which type flies furthest. Why not make a table and a line graph or chart to show your results.</p>
