

10 Oct 2022 | 📅 Goal Keepers Meeting

Attendees: Mrs Orrick, Amelia dougan, Cameron Cowan, George Archer, Chole Baker, Leo Blundell, Poppy Rogerson, Hector Orr and Iris Varsey

Notes

- Today we collected our compost bins from around our school, as we need to make sure our school is composting as efficiently as we can. We replaced pots in classes that didn't have one and the eco councillors are going to design posters to put on the bins at home. Everyone also wanted to have a class competition to see who could be the best at composting in the school. This meeting covered Global Goals 1,2,3,11,12,13 and 15.

Action items

- ☐ All children to report back to their class with their ideas and replace compost bins
- ☐ Eco councillors will speak to Mrs Dobson to see there could be a compost section at the school lunch clearing station.
