### The Bobblepof

Deep inside the darkest cave lives a hideous looking creature known as The Bobblepof. Covered from head to toe in grotesque white pimples and crusty mud soaked skin, you will smell The Bobblepof before you can see him. On the very top of his head lives a family of lice that play all day in his bright, green, unwashed hair. His enormous toenails scratch along the rocks as he creeps hastily through the deep, dark wood.

The Bobblepof might look (and smell) really terrifying but he is actually one of the kindest, most caring creatures living in the wood. Every afternoon, he toasts a huge bag full of marshmallows and takes them to feed the army of tiny toadlets living in the icy river.
