Year 3

Making A Better Community – Mini Project
Proposing an idea to make the community a better place and creating resources to support your campaign.
Usually this activity would take 5/6 lessons to complete.

Key skills:
- **I can use technology safely and responsibly.**
- **I can report concerns I have about internet content to a grown up.**
- **I can search the internet effectively.**
- **I can use software to present information.**

Lesson	Activity/ Link
1	- Compile a list of what you would change to make your community a better place. For example, having more rubbish bins, cars driving slower, creating more parks. - Choose one of your ideas and think about how you could make this idea happen by creating a mind map.
2	Using your mind map write a script about your idea to make the community a better place and discuss how you think this could be achieved.
3	- Using Microsoft Word/ Publisher/ PowerPoint or another similar program, create a poster to advertise your proposal. - Import pictures, photographs, experiment with font styles, sizes, colours etc.
4	- Create a film or an animation to promote your proposal (a bit like an advert). - With the support of an adult, record yourself reading your script using a camera, tablet or phone with video capabilities. - You could use props/ figures/ objects to create an animation and narrate your script over the top or just read the script yourself.
5	- Watch back your recording and think about how you could make it better next time. - If you like you can always re record your film or animation with your improvements.

- **E-safety rules**
- **Be kind to others online.**
- **Don't talk to strangers online.**
- **Keep your personal information safe.**
- **If you see something you don't like online, tell a grown up straight away.**

**PARENTS **
Please supervise your child whilst they are searching the internet, if your computer/ laptop/ tablet are NOT protected.
Thank you.
