

Spring term 1

Week 2

We have learnt a lot this week:

- Labelled a penguin (tummee, beak, head, feet, wing, flippers)
- Built igloos using sponges
- Learnt how to draw penguins
- Painted penguins
- Created a giant penguin
- Played in our igloo role play area.
- Found out lots of facts about penguins and their environment
- Created our own stories in the small world area
- Enjoyed visiting the computer suite to create penguin pictures on the desktop computers.
- Recapped and learnt new phonic sounds l, h, sh and ir and ou.
- Practised our letter formation y, g, f (we sometimes just need reminding to start our letters at the top)
- We thought about the composition of 5
- Identified equal and non-equal groups
- Added two groups together

Our Friday morning challenge was to make a penguin with at least one part that moved. The children tried very hard to make their penguins move by joining with split pins. I was very impressed with the resilience that the children had shown.

Next week we will be focussing on the story 'Lost and Found'.
