

To Reception Class,

Please can you help me? My name is Oliver and I have heard that you have read the book about my Grandpa's garden. I was so busy enjoying eating all my Grandpa's vegetables that I have eaten them all and his garden is empty! My Grandpa says he would like me to help him plant new vegetables to grow next year but I can't remember what I ate. I am going shopping on Sunday to the garden centre to buy seeds, please could you write a shopping list for me to take? Thank you for your help, I will write back to you and tell you how my shopping trip was.

From Oliver xxxxx
