

31.10.22 | [Goal Keepers Meeting](#)

Attendees: Mrs Orrick, Amelia Dougan, Cameron Cowan, George Archer, Chole Baker, Leo Blundell, Poppy Rogerson, Hector Orr and Iris Varsey

Notes Minutes from last meeting read and approved Mrs Hart Ask the Kitchen staff about a compost at the food scrap station and they agreed in principle the eco council will put this in place

- Today we collected our compost bins from around our school and decorated them with the poster we had made at home. Apologises to Iris as Mrs Orrick has mislaid her design amongst one of her areas in school.. Everyone reported that the bins are being used and emptied correctly. Everyone loved the trophy Mr Gardner kindly made (out of recycled items) The trophy CAC Climate Action champions is to be awarded in a whole class competition to see who could be the best at climate change in the school. We decided this could be done in an assembly and the class could have an extra playtime for the best eco class each term This meeting covered **Global Goals 1,2,3,4,11,12,13 and 15.**

Action items

- All children report back to their class with their DECORATED compost bins.
- Year Four to meet this lunch time at station. 11.55 for 10 minutes to plan a powerpoint and the rest of the group to meet again in a week to plan an assembly and arrange dates with Mrs Hart.
