

Construct a globe and label it with the countries you have visited or lived in. Label the United Kingdom. Can you remember what the United Kingdom is and which countries are in it?	Imagine you have travelled to another country. Write a postcard about what it was like, how you got there, what the weather was like and what you did while you were there.	Write a story about an adventure around the world with a magical map.	Create your own treasure map. Make sure it has a key. Don't forget to include an X to show where the buried treasure is hidden.	Have a look at some maps. Work out what the symbols mean. Create a key to show what you have found out.
Maths challenge 1: 1. Use a thermometer to estimate and measure different temperatures. Record the temperatures you have measured in your book.	Maths challenge 2: Bake something delicious with a family member. Choose and use appropriate standard units to estimate and measure mass (kg/g) using scales. Take a photograph of what you have created so you can show the class.	Maths challenge 3: Create a mocktail. Choose and use appropriate standard units to estimate and measure capacity (l/ml) using measuring vessels e.g. a measuring jug. Take a photograph of your drink.	Make a table of the continents and list some of the countries within that continent.	Research a country of your choice. 1. Create a fact file about that country. 2. Draw or paint a flag for that country.

You will receive 5 house points for every piece of optional homework you complete!

Mental Maths Focus this half term:

- To recognise odd and even numbers
- Rapid recall of number bond to 20 and number bonds to 100 e.g. $40 + \underline{\quad} = 100$
- Counting forward and back in 10s, 5s, 3s, and 2s.
- Recall multiplication and division facts for the 10, 5, 3 and 2 times table.

It would be great if you could continue to help your child read the time to the nearest 5 minutes on an analogue clock. It is something that needs to be practised regularly as it is really tricky!

Thank you for your continued support 😊
